

# Water Purification Filter

## KWF Series

- \* Uses high quality activated carbon to effectively reduce Chlorine, odors, and other impurities from tap water.
- \* Provides minimal pressure drop and ensures efficient water flow on your filtration system.
- \* We are capable of manufacturing filters in various shapes and sizes to meet your request.

### Applications

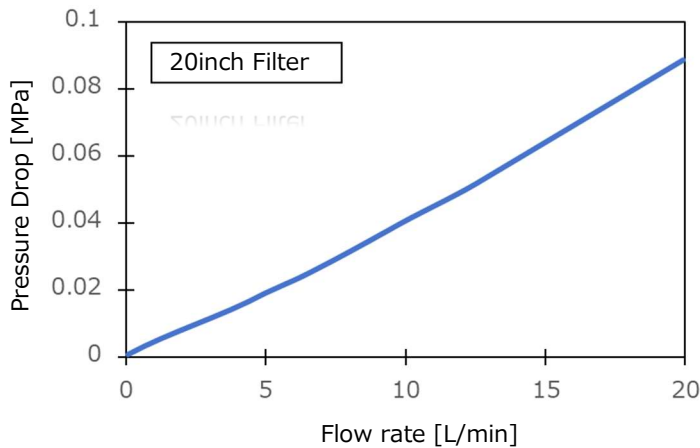

Whole-House water filtration(Under-sink water filter · Countertop water filter · Shower head)

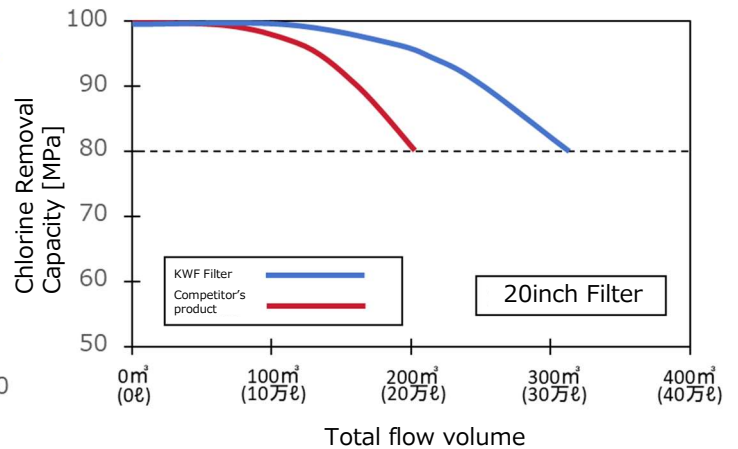

Commercial drinking water system, Industrial water filtration system

### Pressure Drop

### Chlorine Removal Capacity (%)

### Standard Specifications

		Granular AC / Powder AC / ACF
Size	Inner Diameter(mm)	30
	Outer Diameter(mm)	65
	Length(mm)	250/500/750
Non-woven Fabric		PP/PE
Recommended Operating Temperature		Up to 80°C
